**Aviators Surrounding Airspace Information**

Aviators is surrounded by various Airspaces, visitors are requested to familiarise themselves with this busy Airspace.

Aviators is under Special Rules West [frequency 125.80], the Special Rules apply and the maximum ceiling is 7,500ft. Keep clear of the Lanseria Airspace immediate to the South.

Hartbeespoort Dam is a favorite scenic fly out destination for all kinds of aircraft in the Gauteng area, so it can be very busy. Keep a lookout for Hot Air Balloons, Paragliding and Hang gliding, Trikes, Power Parachutes, Helicopters, Military aircraft, Normal airplanes and Vultures.

3NM North West of Aviators on the ridge, is a Cape Griffon/Vulture Breeding Colony, please keep clear. Also keep a sharp look out for vultures soaring up and down the valley typically right at aircraft altitude 5,000-7,500 ft particularly along the ridge to the north.

Take notice of the Hartbeesfontein Conservancy 6NM to the South West in the valley, no flying below 1,500 ft AGL over this protected area.
